NEWSLETTER #2

Dismissal!

If you are picking up your child at the end of the day please be in the atrium of our building no later than 3:25 for the first week of school. Our dismissal time will get a little later as the first few days go by. I know some of you would prefer to meet out near the bus 8 sign instead of in the atrium, this is fine with me but for the first day or so making a connection in the atrium would be best.

If you ever need to change our dismissal schedule please send me a paper note in your child's take home folder. I don't like to depend on email for important changes to our dismissal schedule because I do not check my email while the children are at school. If an emergency change is necessary please contact the office and they will relay the message.

LEARNING FUN!

We will be jumping right in with our learning times this week. Hold on to your hats!

Literacy: Memories of summer and Kindergarten and "When I Was Little" will be our focus during our writing time over the first 9 days of school.

Math: We will kick off "Numbers to 10," a quick review, our first Math unit in our Singapore Math books.

Social Studies: Making classroom rules.

Lunch Numbers!

Please practice the Universal Pin/Lunch Number at home. The paper key pad that you received at "Meet the Teacher" night is similar to the key pad in the lunch room. If your child is going through the lunch line he/she will have to enter their number on the key pad. I have their numbers at school ready for them to take to the lunch room on Monday.

Email Addresses!

I need your email address! If you DID NOT receive this newsletter in your inbox I need to enter you in my eblast roster. If you would like to add another

address, great! You will receive weekly newsletters, homework and classroom updates via email. Please make sure to use your best first grade handwriting skills when sending me your e-address.
